For students waiving the University sponsored Student Health Insurance Plan (UC SHIP), UCSC offers CruzCare, an inexpensive pre-paid access plan. For $90 a quarter (billed quarterly to the student's account) CruzCare provides unlimited Student Health Center visits for care of illness or injury, including in-house Student Health Center lab and X-ray. This is the best and most cost effective way to take advantage of the on-campus convenience and college health expertise available at the Student Health Center.

Because the cost of a simple visit for a common student health problem like sore throat, urinary tract infection or sprained ankle exceeds $100 with physician visit, laboratory or X-ray charges, CruzCare pays for itself with a single visit to the Student Health Center.
