For students waiving the University sponsored Student Health Insurance Plan (UC SHIP), UCSC offers CruzCare, an inexpensive pre-paid access plan. For \$100 a quarter (billed quarterly to the student's account) CruzCare provides unlimited Student Health Center visits for care of illness or injury, including in-house Student Health Center lab and X- ray. This is the best and most cost effective way to take advantage of the on-campus convenience and college health expertise available at the Student Health Center.

Because the cost of a simple visit for a common student health problem like sore throat, urinary tract infection or sprained ankle exceeds \$100 with physician visit, laboratory or X-ray charges, CruzCare pays for itself with a single visit to the Student Health Center.

What is covered by CruzCare?

- Unlimited Student Health Center visits for care of illness or injury
- Unlimited in-house Student Health Center laboratory tests for illness or injury
- Unlimited in-house Student Health Center X-ray exams for illness or injury

What is not covered?

- Off campus care, including laboratory tests sent to the off campus lab
- Medications, supplies, and immunizations
- Special or elective procedures and tests
- Routine clearances and health maintenance visits
- Prescriptions and Over-the-Counter medications
- Off campus referrals for specialist care
