## Waiver Reversal / Enrollment Request

The Waiver Reversal / Enrollment Request is intended for students who have waived out of the UC Student Health Insurance Plan (UC SHIP) and now wish to enroll or re-enroll.

If the Waiver Reversal / Enrollment Request is approved, we will post the insurance premium charges on your student account and you should see that on your next billing statement. In addition, you will be charged the premium for each subsequent quarter in the academic year. The effective date will be the date this form was signed. We cannot pro-rate Waiver Reversal / Enrollment Requests.

The student can check the insurance website for an explanation of plan benefits and to find out how to access the insurance ID number via the app. Please contact our office with any questions at the email address above.

**Instructions:** Please complete all sections, sign, date, and submit to the Student Health Insurance Department
