For students waiving the University sponsored Student Health Insurance Plan (UC SHIP), UCSC offers CruzCare, inexpensive pre-paid access for busy students seeking on-campus health care. CruzCare provides Student Health Center visits for care of acute illness or injury, including some in-house Student Health Center lab and X-ray. This is the best and most cost-effective way to take advantage of the on-campus convenience and college health expertise available at the Student Health Center. The fee is $125.00 per quarter (billed quarterly to the student's account).

Because the cost of a simple visit for a common student health problem like sore throat, urinary tract infection or sprained ankle exceeds $100 with physician visit, laboratory or X-ray charges, CruzCare pays for itself with a single visit to the Student Health Center.

What is covered by CruzCare?
- Student Health Center visits for care of acute illness or injury
- Student Health Center in-house laboratory tests for some illness or injury
- Student Health Center X-ray exams for illness or injury
- The care of ongoing/chronic conditions will be sent to your covered off campus provider

What is not covered?
- Off campus care, including referrals for specialty care and laboratory tests sent to the off campus lab
- Administered medications, supplies, and immunizations
- Special or elective procedures and tests
